Avatar Toolkit Series - Avatar Toolkit 2

Avatar Assembly and Animation Plugin

Avatar Toolkit2 is a complete 3D avatar creation system that allows you to freely design and assemble your own animatable characters. It also comes with an intuitive control system that not only allows you to customize every detail and expression on your character's face, but also determine the way they are animated as well

Avatar Toolkit 2

Avatar Assembly and Animation Plugin

Build | Mix | Control

Pack Includes:

- Avatar Builder
- Avatar Controller
- Dummy Tools x 2
- Dummy Character

Specification:

- Content Type: iClone Plug-in
- Requirement: For iClone 5.51 or above!

Learn more:

Avatar Toolkit: Monster Workshop

Be a Mad Scientist and Create Your Own Monsters

Monster Workshop Vol.1 is a revolutionary 3D character content pack designed to work with Avatar Toolkit Plug-in, which you can puppet and animate your own custom creatures using Avatar Toolkit user interface. This pack contains dozens of animation-ready creature components that perfectly match any Toon Avatar base. Create unlimited varieties of monster characters by combining monster eyes, eyebrows, ears, tails and fins.

 iClone Plug-in

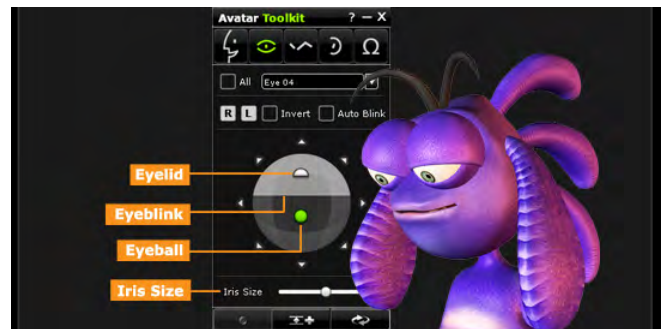

Pack Includes:

- Monster Bases x 3
- Indigo, Peach, Groucho
- Puppeteer Parts x 25
- Eyes, Eyestalk, Eyebrows, Ears, Fins, Wing, Horns and Tails.
- Spring Parts x 20
- Hair, Ears, Fins, Horns, Tails and Wings
- Character Accessories x 14
- Props x 11
- Shoes x 2
- Monster Profiles x 3 (separate installer)
- Material Bonus x 222

Specification:

- Content Type: iClone Plug in
- Requirement: For iClone 5.51 or above

iClone Plug-ins

Physics Toolbox

Build Immediate Interaction Using Real-time Physics

Master and control the laws of physics by using the iClone Physics Toolbox in your animations! Physics Toolbox is an essential plug-in that allows animators to create and manipulate realistic physics interactions with 3D models in real-time for incredibly quick and easy results. This must-have plug-in contains more than 30 powerful physics-based tools which you can utilize in combination to construct your own complex mechanical models or as stand-alone creators of force to power your scene.

Pack Includes:

- Toolbox Plug-in x 1
- Force x 8
- Motor x 4
- Slider x 3
- Force x 3
- Springx 2
- Transformationx 4
- Structure x 8
- Clawx 4
- Vehiclex 3
- Track x 3
- Hydraulicx 2
- Transporterx 4
- Tutorial Project x 10
- Bonus Project x 3

Specification:

- Content Type: iClone Plug in
- Requirement: For iClone 5.13 or above

Learn more:

<http://www.reallusion.com/ContentStore/csproduct.aspx?contentid=AIC500DIENU050120120210001>

Physics Toolbox_Segway

Need a segway to carry you around town? The Physics Toolbox Series - Segway is equipped with a Segway that comes with detailed textures that can easily be applied to any project and help you create realistic scenes. To control the Segway just press play, stop or any of the other user interfaces with adjustable parameters such as speed, direction and axes. Steer your vehicle and control it in real-time!

Go to Physics Toolbox to demystify more physics vehicles.

Pack Includes:

- iProp x 1 (Segway)
- Project x 1

Specification:

- Content Type: iClone Props
- Requirement: For iClone 5.22 or above

Learn more:

http://www.reallusion.com/ContentStore/iClone/pack/PhysicsToolboxVehicle_Segway/default.aspx

Physics Toolbox_Dune Bully

The Physics Toolbox Series - Dune Buggy is equipped with a Linear Motor and a Stepper Motor, ideal for creating dune buggies with detailed textures. It comes with a realistic four-axis suspension system. To control the buggy just press play, stop or any other user interfaces with adjustable parameters such as speed, direction and axes. Steer your vehicle and control it in real-time!

Dune Buggy

Physics Toolbox Series

Steer your interactive vehicle using real-time physics

Pack Includes:

- iProp x 2 (Dune Buggy x 2)
- Project x 2
- Accessory Bonus x 1 (Helmet)

Specification:

- Content Type: iClone Props
- Requirement: For iClone 5.22 or above

Learn more:

http://www.reallusion.com/ContentStore/iClone/pack/PhysicsToolboxVehicle_DuneBuggy/default.aspx

Physics Toolbox_Artillery

The Physics Toolbox Series - Artillery is designed from a classical Howitzer model, which is equipped with a Turret and a set of 2-Wheels, with detailed textures. To control the Howitzer, you simply press Shoot. You may also use the user interface to adjust parameters such as angles, speed, direction and axes. Alternatively, you can press Start so that the UI steers the 2 Wheels. The pack also includes an add-on package of bullets which can help you enhance your battle projects. Rebuild your modern war scenes with this interactive weapon!

 iClone Props

**PHYSICS
iPLAY**

Pack Includes:

- iProp x 1 (Artillery-Howitzer)

Specification:

- Content Type: iClone Props
- Requirement: For iClone 5.23

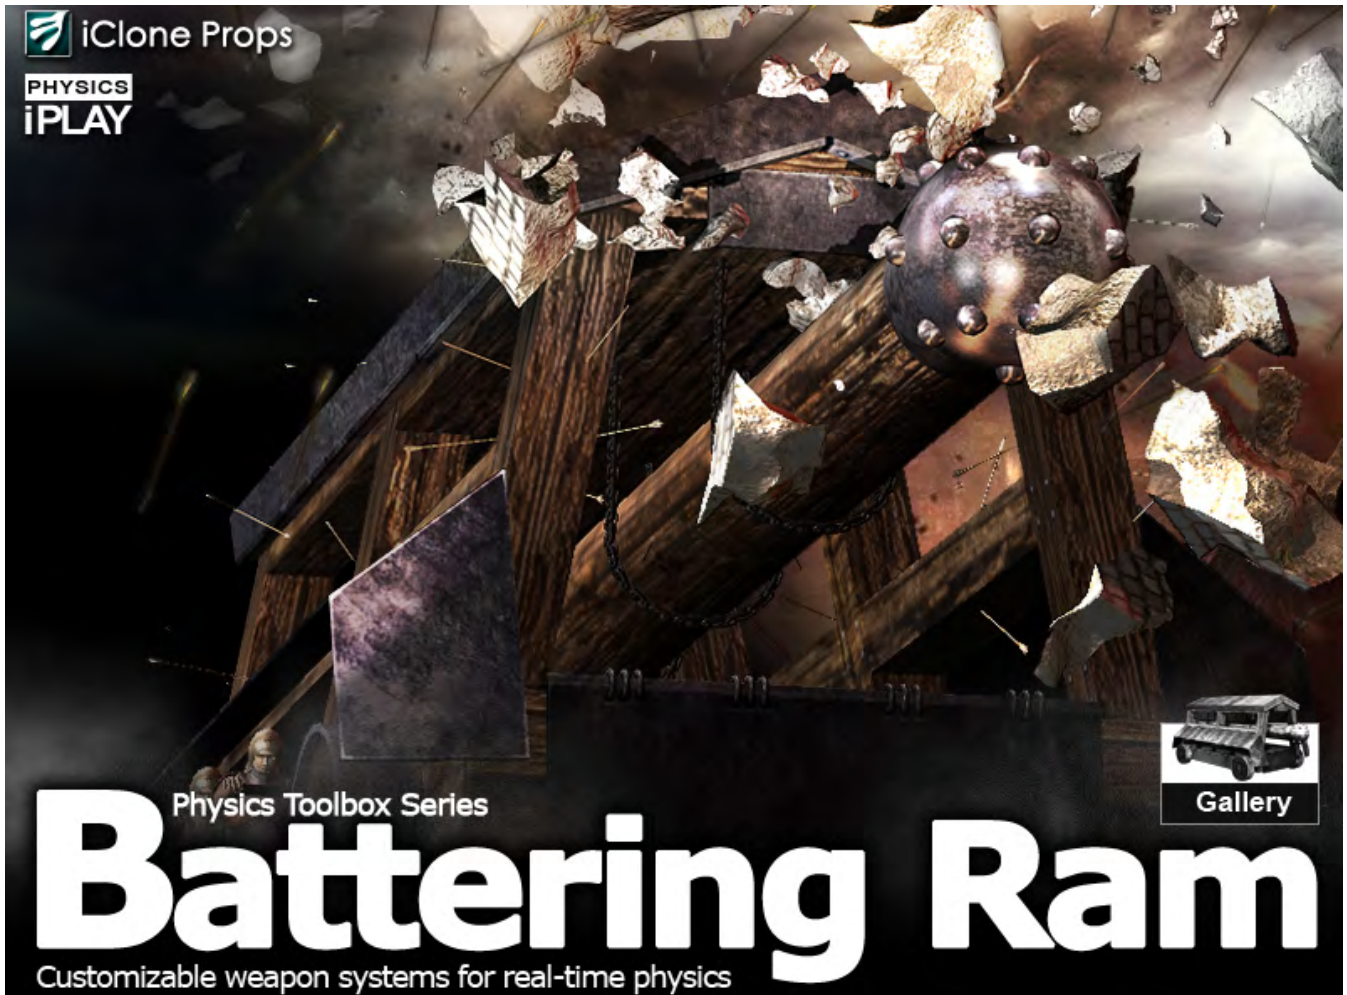

Learn more:

http://www.reallusion.com/ContentStore/iClone/pack/PhysicsToolbox_Artillery/default.aspx

Physics Toolbox_Battering Ram

This Battering Ram from the Physics Toolbox is equipped with a detailed battering ram, and a Push force, that can be easily applied to any ancient times project to build realistic war scenes. This siege weapon is designed to break down walls and wooden gates, which you may also be triggered by breakable props to produce excellent war scenarios. To control the Battering Ram just press play, and witness how the log moves with adjustable parameters speed, direction and axes.

Pack Includes:

- iProp x 1 (Battering Ram)

Specification:

- Content Type: iClone Character
- Requirement: For iClone 3.0 and up

Learn more:

Virtual Studio Vol.1

The Virtual Studio inside iClone let's you produce like a pro surrounded by dynamic sets and stages. Whether you are producing video podcasts, news broadcasts or just need a simple set to introduce a video montage, iClone Virtual Sets pack has everything you need to stage a successful studio.

Pack Includes:

- Bonus Project x 9
- Billboard x 23
- Display Board x 18
- Hanging Sign x 14
- News Room Prop x 6
- Pillar x 2
- Trade Show Counter x 6
- TV Set x 3
- Rotate Object x 1

What you can learn from this pack:

- How to add videos or images to a display board?
- How to be a VR anchor?
- How to horizontally rotate the Hanging Sign?
- How to change News Room Table02 logo?

Learn more:

<http://www.reallusion.com/ContentStore/csproduct.aspx?contentid=AIC400DIENU050120091103001>

Specification:

- Content Type: iClone Props
- Requirement: For iClone 4.12 or above

Motion Montage Vol.1

Drag and Drop 3D Motion Graphics

3D Video FX Motion Montage creates stunning visual effects for video editors with easy drag and drop creation inside iClone. Select any video source including HD and drop it directly on top of the iClone 3D Video FX Motion Montage props to add broadcast quality motion graphics to your video projects. Export your 3D Motion Montage in HD, NTSC or PAL video formats to spice up your productions with easy 3D video effects.

Pack Includes:

- Cube X 5
- Film Strip X 5
- Panel X 10
- Project X 20

Bonus includes :

- Uppercase Letter X 26
- Lowercase Letter X 26

What you can learn from this pack:

- How to Combine Film Strips?
- How to Change Texture Materials?
- How to Animate 3D Letters?
- How to Adjust HDR Effects?
- How to Drag and Drop Textur?
- How to Apply Video as Texture?

Learn more:

Specification:

- Content Type: iClone Props
- Requirement: For iClone 5.0 or above

Virtual Studio Vol.2

Official Announcement Stages

Virtual Studio for iClone allows you to produce like a Pro, surrounded with elaborate ceremony stages and official podiums. You may choose to give out commands in the Oval Office as the president, be an award recipient at the academy awards, or even hold an official press conference!

Pack Includes:

- Bonus Project x 3
- Oval Office prop x 16
- Press room prop x 5
- Stage prop x 27

What you can learn from this pack:

- How to add videos to the TV camera screen?
- How to operate the TV camera?
- How to extend fences?
- How to be a VR actor?

Specification:

- Content Type: iClone Props
- Requirement: For iClone 4.2 or above

Learn more:

<http://www.reallusion.com/ContentStore/csproduct.aspx?contentid=AIC410DIENU050120100517001>

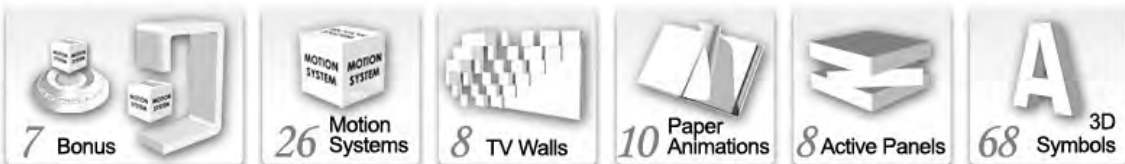

Motion Montage Vol.2

Spot Light Your Ideas in 3D Dynamics!

3D Video FX Motion Montage creates stunning visual effects for video editors with easy drag and drop creation inside iClone. Select any video source including HD and drop it directly on top of the iClone 3D Video FX Motion Montage props to add broadcast quality motion graphics to your video projects. Export your 3D Motion Montage in HD, NTSC or PAL video formats to spice up your productions with easy 3D video effects.

iClone Props

Pack Includes:

- Action Panel x 8
- Bonus Prop x 4
- Paper Animation x 10
- Project x 3
- Motion System x 26
- 3D Symbol x 68
- TV Wall x 8

What you can learn from this pack:

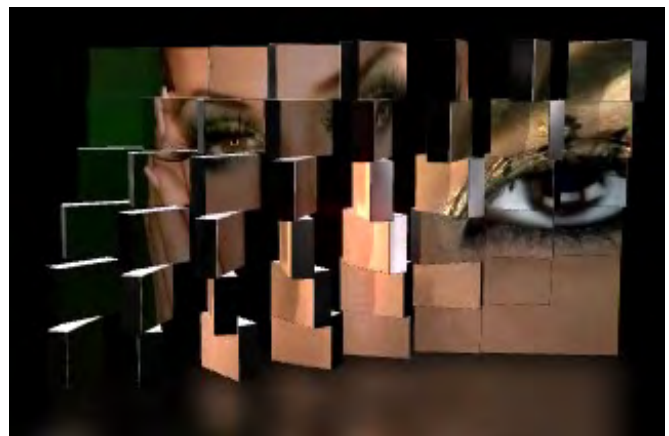

- How to use the Whole Type Action Panels?
- How to use the TV Wall?
- How to use the Orbit Motion System?
- How to use the Fly-In Motion System?
- How to use the Separated Typer Action Panels?
- How to use the Paper Animations?
- How to use the Free Fall Motion?
- Hints and Tips

<http://www.reallusion.com/ContentStore/csproduct.aspx?contentid=AIC430DIENU050120110614001>

Special Effects Vol.1 - Warfare

Hard-Hitting Particle Effects for your 3D Animation

This pack includes 7 kinds of warfare effects such as missile launches, muzzle fire, sparks from collisions, explosions, jet engine thrusts, Sci Fi backgrounds, and much more! Control the timing of your effects with the simple to use right-click menus.

Pack Includes:

- 39 iProps
 - Attack Effect x 6
 - Background Effect x 3
 - Energy Effect x 5
 - Engine Effect x 7
 - Explosion Effect x 8
 - Flame Effect x3
 - Spark Effect x7

What you can learn from this pack:

- How to Compose Special Effects in a Movie?
- How to Edit Particles?

Specification:

- Content Type: iClone Particle
- Requirement: For iClone 4.30 or above

Learn more:

<http://www.reallusion.com/ContentStore/csproduct.aspx?contentid=AIC411DIENU050120100303001>

SFX 2- Natural Phenomenon

Weather Control Wizard

This pack includes all kinds of natural effects such as rain, lightning, snow, falling leaves and much more! It even includes falling stars, moon visuals, and the Milky Way Galaxy with instructions for users to directly apply directional effects and particle density without the need for adjustments.

Pack Includes:

- Atmosphere x 8
- Prop x 119
 - Celestial x 15
 - Illumination x 4
 - Plant x 51
 - Rain x 8
 - Sand x 8
 - Snow x 12
 - Lightning x 14
 - Volcanic Eruption x 1
 - Waterfall x 6

7 of the above Props are iprops.
(Beams, Falling Stars, Volcanic Eruption)

What you can learn from this pack:

- Design Ideas
- How to Compose the Natural Effects?
- How to Adjust the Special Effects?
- How to Use the Falling Star/iProp?

Specification:

- Content Type: iClone Props
- Requirement: For iClone 4.3 or above

Learn more:

<http://www.reallusion.com/ContentStore/csproduct.aspx?contentid=AIC430DIENU050120100820001>

SFX 3- Destructible Building Elements

Be an iClone Demolition Specialist!

This pack offers the explosive effects of building elements, such as walls, pillars, ceiling, floor, glass, wooden door. The effects of the explosion will be different based on the different materials such as concrete, brick, glass, or wood. You can also choose different exploding animation on whether there are walls in the surrounding environment. It also offers smoke particles commonly seen in exploding scenes after explosions. You can easily set up scenes for a movie with explosions.

Pack Includes:

- iProp x 88
 - Concrete/Brick Ceiling x 16
 - Concrete/Brick Floor x 16
 - Concrete/Brick Pillar x 24
 - Concrete/Brick Wall x 24
 - Glass x 6
 - Door x 2(Explode & Restore Animation are included for each iProp.)
- Prop x 2
 - Concrete/Brick Wall
- Particle x3

What you can learn from this pack:

- How to Use the iProps?
- How to Compose the Building Effects?
- How to Make More Fragments?
- How to Make Ruins?
- How to Edit the Materials?

Specification:

- Content Type: iClone Props
- Requirement: For iClone 4.3 or above

Learn more:

World of Wilderness Vol. 1

LivePlants 3D Scenes – World Wilderness Volume 1 provides you 8 different natural sceneries with foliage, including Canyon, Fall, Grass Land, Savanna, Snow Land, Wheat Field, Woods and Jungle. Based on the geography and seasons, these sceneries are realistic with plants sway along with wind for dynamic display. And none of these effects slow down your PC!

Pack Includes:

- 8 3D Scenes

Specification:

- Content Type: iClone Props
- Requirement: For iClone 3.0 or above
